

The screenshot displays the homepage of chepneumatico.it, a website for comparing tire prices. At the top, the site's logo and name are visible, along with the text "Comparatore di Prezzi di pneumatici in Italia". A navigation bar includes links for "HOME", "COME LEGGERE UN PNEUMATICO?", "DOVE MONTARE I PNEUMATICI?", and "CONTATTI". Below this, a search interface allows users to filter tires by vehicle type (Auto, Moto, 4x4, Scooter, Autocarro, Van) and various specifications: Larghezza (195), Altezza (65), Diametro (15), Carico (91), Velocità (T), and Marche (Tutte). A central graphic shows a tire with the specification "195 | 65 R15 91H". Below the search bar, a three-step process is outlined: 1. CERCA UN PNEUMATICO, 2. CONFRONTA PREZZI, and 3. DETTAGLI. The bottom of the page features logos for partner brands: RETEGOMME, ommasubito.it, PNEUMATIC ONE, ITALGOMME, and TIRENI. A footer section lists various tire models from brands like Bridgestone, Continental, and Michelin, and includes a "IL BLOG" section with a date "22-06-2014" and a headline "In arrivo la nuova Skoda Fabia".
