

**ENGINEERED FOR SUCCESS**

ITM is a global leader in the design, manufacture and distribution of undercarriage components and solutions, with a global network of dealers and distributors. We develop innovative solutions for the most challenging projects, from design and build to on-site, with over 1300 professionals located around the world and 40 experts in our Engineering Centre. Our After Sales team and Product Support Specialists assist you with best performing products and lowering maintenance costs. This is how we get clients engineered for success.
